The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding in the amount of \$1,380,164 for in Fiscal Year 2027. The entity to receive funding for this project is the intended recipient is The Greater Philadelphia Health Action, Inc. located at 1401 S. 31<sup>st</sup> St., Philadelphia, PA 19146. The funding would be used for the GPHA at Village Square in Haverford.

The project would be a valuable use of taxpayer funds because FQHCs like GPHA build healthy communities and reduce health disparities within communities. Communities of color and low-income communities suffer disproportionately from lack of access to health care unaddressed health problems. This project 1) makes primary care services easily accessible in a community that needs it; 2) reduces unnecessary and costly ER/Hospital visits for primary services; 3) improves the physical and mental health of people so they can work and go to school; 4) is an excellent use of taxpayer funds because it saves taxpayers dollars and it saves people's lives.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Dwight Evans  
Member of Congress
