The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding in the amount of \$1,250,000.00 for the Philadelphia Energy Authority Clean Energy Improvements for Low Income Homes project in Fiscal Year 2027. The entity to receive funding for this project is the Philadelphia Energy Authority located at 30 South 15th St., Suite 801, Philadelphia PA 19102.

The project would be a valuable use of taxpayer funds because Philadelphia's low-income homeowners face some of the highest energy burdens in the nation, spending a disproportionate share of their income on utility costs in homes with aging, inefficient heating and cooling systems. Clean energy improvements, including rooftop solar and heat pump HVAC systems, directly address this burden by reducing monthly utility costs, improving indoor air quality and comfort, and delivering permanent capital improvements to homes in some of Philadelphia's most disinvested communities.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Dwight Evans  
Member of Congress
